To whom this may concern:

This is to advise of the excellent performance to date which LMI Aerospace Inc. has received from Alziebler Incorporated.

Since placement of the first purchase order for the "Jam Nut" ( 7075023300101 ) on 2/21/11, a total of 876 pc have been delivered with six separate delivery dates and a 100% on time delivery has been maintained with zero ( 0 ) defects. In addition Alziebler maintains a safety inventory to guard against any unexpected demand spikes, and assure that LMIA does not run out of stock.

All said I have been very pleased with the level of customer service and quality from Alziebler Inc. .

Yours truly,
